#### ◀ ROYAL BANK OF CANADA

Nov 2017 – now  
UI/UX Developer

Developed and maintained RBC's Developer Portal; RBC's pilot program, the first in Canada, a site that serves number of APIs that are open for public to consume.

Developed front-end user interface and experience functionalities that helped user to easily navigate, consume and try out APIs.

Extended and customized Apigee's default Javascript library and functionality to fit business requirement.

Built a deployment script to auto-synchronize git repository for code promotions for multiple servers and environments.

Created a distributed docker-compose yaml and easy-to-follow documentation for team's local development environment.

Reviewed and merged team code and pull requests on Github.

Created a Gulp task-runner automation to compile Javascript libraries and polyfills, e.g., Modernizr, Bootstrap, jQuery, and Slick Carousel.

Translated inVision flow and mockup to working web pages.

#### ◀ CORUS ENTERTAINMENT

Sep 2015 – July 2017  
UI/UX

Build, developed and maintained websites for: Disney Channel Canada, Disney Junior Canada, Disney XD Canada, and Seriesplus.

Maintained HTML5 games for: Cartoon Network Canada, and Teletoon.

Maintained and update website features for: W Network, Own TV Canada, and ABC Spark.

Implemented the latest stack of front-end technologies to process streamline UI/UX development: Gulp, Grunt, Sass, Bootstrap, NPM, and Docker.

#### ◀ PURE ENERGIES

Apr - Aug 2014
